The complainant should include the following information:

- Case Name

- Date on any notices received
- Notice # or name of the notice
- Any other important information

**Important:** Please do not send Unemployment Insurance fraud referrals to the Auditor of State's Office, or refer complainant's to their website ([www.ohioauditor.gov](http://www.ohioauditor.gov)), or fraud hotline (866) FRAUD OH (866-372-8364) as this will only slow the process of proper reporting. The Auditor of State only investigates misuse of public money by a public official or office. Unemployment insurance fraud is being perpetrated by individuals who are not public officials; therefore, the complaint is outside the scope of the Auditor of State.
